The Pennsylvania Department of Health, Bureau of Emergency Medical Services, is pleased to announce the release of the 2015 PA Department of Health Statewide ALS Treatment Protocol LMS Training via the www.paprepared.net Website.

Additionally, the PowerPoint and Lesson Plans for the 2015 PA Department of Health Statewide ALS Treatment Protocol Update (Course # 007694) have been released and are posted on SharePoint for the Regional EMS Education Coordinators for distribution to the EMS Agency Medical Directors within each specific region.

All ALS providers are required to complete the protocol update course prior to 1 October 2015. Once this training is complete, the EMS Agency Medical Director may authorize the use of these protocols prior to 1 September.

Delivery of the training is at the discretion of the EMS Agency Medical Director through one of the following methods:

- Personally present the educational sessions
- Appoint a designee from the EMS Agency to conduct the educational sessions
- Accept the pending LMS program version as course completion for those unable to attend an in-person training

EMS Providers should contact their EMS Agency Medical Director for information relating to the educational presentations and authorization prior to implementation.
