

Rural Education & Training Fiscal Year 2022 - 2023

Thank you for your interest in our Regional Rural EMS Education Program, this program is intended to assist licensed EMS agencies in recruiting & certifying Pennsylvania EMS personnel. This program is applicable, at varying levels of financial support, to both Basic & Advanced Life Support (BLS - ALS) for initial certification training programs and includes Emergency Medical Responder (EMR), Emergency Medical Technician (EMT), Advanced EMT (AEMT), Paramedic, and PHRN Programs.

This initiative is limited to licensed EMS agencies operating within the confines of the Eastern PA EMS Council regions identified rural county(s). All candidates must be at least sixteen (16) * years of age, be affiliated, in good standing, with a licensed EMS agency operating within a designated rural county. Additional terms and limitations may apply.

All Sponsoring EMS agencies are required to complete the following forms:

- a. EMS Agency Project Director form
- b. Sponsoring EMS agency form
- c. EMS Candidate Contract (per student) form
- d. Cost/Reimbursement request form

Sponsoring agencies are required to present proof of payment to the Eastern PA EMS Council for reimbursement. All paperwork must be submitted no later than the close of business on **May 15, 2023**. Incomplete applications will not be considered for reimbursement.

Purpose:

Licensed EMS agencies, career, and volunteer and / or blended, are experiencing shortages of certified EMS personnel. Tuition fees, associated program costs for both basic and advanced certification programs continue to increase. Recruiting and retaining personnel within the EMS profession is becoming increasingly challenging, this impact has far reaching implications and requires a lean forward approach to offset both direct and indirect associated cost.

Authorized through the PA Department of Health, Bureau of EMS, PA Act 93 of 2020 identifies funding streams for rural EMS education. The Eastern PA EMS Council proposes the implementation of an EMS assistance program for qualifying EMS agencies. This program will be made available, with defined requirements and standards, to all PA Department of Health licensed EMS agencies operating in good standing within the geographical boundaries of the Eastern PA EMS Council region identified as rural.

The tuition assistance program will provide licensed EMS agencies, the allowable costs up to, but to not exceed, cost identified for new EMS students enrolled in an initial PA Department of Health accredited BLS certification programs, to include cognitive examination fees for up to two attempts at the basic level.

The tuition reimbursement program will provide licensed EMS agencies, the allowable costs up to, but to not exceed, cost identified for new EMS students enrolled in a PA Department of Health accredited ALS certification programs, to include cognitive examination fees for up to two attempts at the advanced level.

Process:

The Rural EMS program will be maintained and coordinated by the Eastern PA EMS Council. It is understood funding will fluctuate and may not be available due to circumstances beyond our control. EMS agencies will enter a partnership with the Eastern PA EMS Council to support participating EMS agencies for individual student assistance and applicable costs for both BLS and ALS levels, and up to two attempts at the recognized cognitive examination.

Rural EMS programs will be available from July 1, 2022, through May 15, 2023. initiatives will be awarded on a first come basis. All requests must be finalized prior to May 15, 2023.

This program, and applicable funding, is subject to change without advanced notification.
